

2007 - Quebec City, PQ

Breakfast 1	Catastrophic Epilepsies in Children - Update on Clinical and Basic Science Advances	Carl Stafstrom, MD, PhD, University of Wisconsin, Madison, WI
Breakfast 2	Developmental Screening and Evaluation: New Processes, New Measures, New Projects	Paul H. Lipkin, MD, Kennedy Krieger Institute, Baltimore, MD
Breakfast 3	Nursing Research: Design Models and Funding Opportunities	Elizabeth Hobdell, PhD, CRNP, CNRN, St. Christopher Hospital for Children, Philadelphia, PA
Breakfast 4	From Febrile Seizures to Temporal Lobe Epilepsy: Is there a Link?	Shlomo Shinnar, MD, PhD, Montefiore Medical Center, Bronx, NY
Breakfast 5	The Future of the Ketogenic Diet	Eric Kossoff, MD, Johns Hopkins University Hospitals, Baltimore, MD
Breakfast 6	The Pediatric Neurologist as an Effective Medical Educator	Paul Larsen, MD, Nebraska Medical Center, Omaha, NE
Breakfast 7	Update on the Muscular Dystrophies	Peter Kandt, MD, Boston Children's Hospital, Boston, MA
Breakfast 8	Developmental Neurotoxicity	Maitreyi Mazumdar, MD, MPH, Boston Children's Hospital, Boston, MA
Breakfast 9	Ethical Issues Regarding Neurology in Neonatal Intensive Care Brief	Daniel Glaze, MD, Baylor College of Medicine, Houston, TX
Symposium II:	Neurology of Great Musicians: In Words and Music	Phillip Pearl, MD, Children's National Medical Center, Washington, DC
Symposium III: Presidential Symposium	Presidential Symposium: Novel Pathogenic Mechanisms Suggest Potential for Therapy of Neurodevelopmental Disorders	Huda Zoghbi, MD, Baylor College of Medicine, Houston, TX
Symposium IV	Genetics for Pediatric Neurologists	Andrea Gropman, MD, Children's National Medical Center, Washington, DC
Symposium V	Sorting Through the Spectrum of Pediatric Demyelinating Disease	Jayne Ness, MD, Children's Hospital of Alabama, Birmingham, AL

2008 - Santa Clara, CA

Breakfast 1	Migraine: Biology, Pathophysiology and Treatment	Alma R. Bicknese, MD, St. Louis University Med School, St. Louis, MO
Breakfast 2	Neuroimaging of neurogenetic and neurometabolic disorders	Andrea Gropman, MD, Children's National Med Ctr, Washington, DC
Breakfast 3	Future of Epilepsy Therapeutics	Jong M. Rho, MD, Barrow Neurological Institute, Phoenix, AZ
Breakfast 4	Mitochondrial Disease: A Clinician Workshop	Sumit Parikh, MD, Cleveland Clinic, Cleveland, OH
Breakfast 5	Neurological Adverse Events Following Immunization (AEFIs): Sorting the Wheat from the Chaff	Max Wiznitzer, MD, Rainbow Babies & Childrens Hospital, Cleveland, OH
Breakfast 6	The Effects of Partial Epilepsy and its Treatment on Cognitive Development	William Davis Gaillard, MD Children's National Medical Center, Washington, DC
Breakfast 7	Rationale, Insights and Future Directions: The First Human Neural Stem Cell Trial	Stephen A. Back, MD, PhD, Oregon Health Sciences Center, Portland, OR
Breakfast 8	Responding to Phone Calls: Telephone Triage and the Health Care Provider Telephone Visit Appointment	Julie Sprague-McRae MS, CPNP, RN; Kaiser Permanente Medical Group; Fremont, California
Breakfast 9	The Silent Epidemic of Pediatric Traumatic Brain Injury: Advances in Management and Emerging Treatment Options	Christopher C. Giza, MD, UCLA, Los Angeles, CA
Symposium II: Presidential Symposium	Presidential Symposium: Ion Channelopathies	John Bodensteiner, MD, President, CNS (Barrow Neurological Institute, Phoenix, AZ); Vinodh Narayanan, MD, Scientific Program Chair (Barrow Neurological Institute)
Symposium III	Neurocardiology: The Interface of Neurology and Cardiology	Neil Friedman, MD, Cleveland Clinic, Cleveland, OH
Symposium IV	Growth and Patterning of the Developing Brain: From science to clinical practice	Ganeshwaran H. Mochida, M.D., M.M.Sc. Beth Israel Deaconess Medical Center, Massachusetts General Hospital, Boston, MA
Symposium V	Neonatal seizures and neuroprotection	Joseph Sullivan, MD, UCSF, San Francisco, CA; Dennis J. Dlugos, MD, Children's Hospital of Philadelphia, Philadelphia, PA

2009 - Louisville, KY

Breakfast 1	Early Onset Epilepsy: Genetic Advances and Expanding Phenotypes	Sumit Parikh, MD, Cleveland Clinic, Cleveland Ohio
Breakfast 2	Autonomic Nervous System Dysfunction in Children	Imad Jarjour, MD, Baylor College of Medicine, Houston, TX
Breakfast 3	"I found what I wasn't looking for on an unnecessary test. Now, I don't want to tell anyone. Do I have to?"	William Graf, MD, Children's Mercy Hospital, Kansas City, MO
Breakfast 4	The Emerging Field of Fetal Neurology	Gary Clark, MD, Baylor College of Medicine, Houston, TX; Adre du Plessis, MbChB, MPH, Boston Children's Hospital, Boston, MA
Breakfast 5	ADHD and Autism in the 21st Century: DSM-5 Issues	Max Wiznitzer, M.D., Rainbow Babies & Childrens Hospital, Cleveland, OH
Breakfast 6	Future Directions in Diagnosis and Treatment of Leukodystrophies	Joshua Bonkowsky, MD, PhD, University of Utah, Salt Lake City, UT; Florian Eichler, MD, Massachusetts General Hospital, Boston, MA
Breakfast 7	NIH Grant Applications Workshop - Understanding Research Priorities at NIH	Marjorie Garvey, MB, BCH, NIMH, Bethesda, MD; John Porter, MD, NINDS, Bethesda, MD; Melissa Parisi, MD, PhD, NICHD, Bethesda, MD
Breakfast 8	Neuroimaging Abnormalities in Pediatric Epilepsy	Bruce Hermann, PhD, University of Wisconsin, Madison, WI; Rochelle Caplan, MD, UCLA, Los Angeles, CA
Breakfast 9	The Evaluation and Management of Pediatric Stroke	Susan L. Benedict, MD, University of Utah, Salt Lake City, UT
Breakfast 10	Animal Models to Patients: First Pharmacological Trials of mTOR Inhibitors in Tuberous Sclerosis	Mustafa Sahin, MD, PhD, Boston Children's Hospital, Boston, MA
Symposium II: Presidential Symposium	Presidential Symposium: Movement/Motor Disorders in Children with Cerebral Palsy	John Bodensteiner, MD, President, CNS (Barrow Neurological Institute, Phoenix, AZ); Vinodh Narayanan, MD, Scientific Program Chair (Barrow Neurological Institute, Phoenix, AZ)
Symposium III	A Developmental Systems and Cognitive Neuroscience Approach to Tourette Syndrome	Bradley L. Schlaggar, MD, PhD, Washington University School of Medicine, St. Louis, MO
Symposium IV	Stress and the Developing Brain: Consequences and Mechanisms	Tallie Z. Baram, MD, PhD, UC Irvine, Irvine, CA
Symposium V	Nocturnal Events in Children (seizures vs parasomnia): the Science behind Evaluation and Intervention Strategies	Sanjeeve V. Kothare, MD, Boston Children's Hospital, Boston, MA; Suresh Kotagel, MD, Mayo Clinic, Rochester, MN
