

Greetings,

The 2024 Child Neurology Society Annual Meeting is just around the corner, and it's shaping up to be our biggest and best event yet.

We are excited to announce new features for this year, including:

- A “choose-your-own-adventure”-style scientific program with three focused learning tracks to deep dive into various field specialties and topics and varied learning formats to appeal to different audiences and accommodate all learning styles
- A unique speed-networking platform for child neurology and neurodevelopmental disabilities educators and residents to exchange ideas and forge meaningful connections
- Comprehensive symposia featuring the CNF Symposium, Presidential Symposium, and a Year in Review that includes summaries from the American Epilepsy Society (AES), American Neurological Association (ANA), and American Academy of Cerebral Palsy and Developmental Medicine (AAPDM)
- Broader engagement with influential industry partners and corporate sponsors

The only thing that can make the 53rd Child Neurology Society Annual Meeting better is your attendance. Every member counts because every child counts. Don't miss out. If you haven't already, [register today](#).

Together, we can make children's lives better.  
See you in San Diego!
