

E-CONNECTIONS

Bringing CNS Members Together to Make Children's Lives Better

Greetings,

As 2024 draws to a close, we reflect on CNS's vital role in advancing the profession of child neurology. You still have time to make a lasting impact on child neurology while securing important tax benefits for the year.

Your support this year has already helped CNS achieve significant milestones:

- Launch of our comprehensive new Education Center, providing cutting-edge CME and continuing certification resources
- Introduction of an enhanced Career Center supporting professional growth at every career stage
- Record-breaking attendance at our 2024 Annual Meeting in San Diego, demonstrating the strength of our professional community

But there's so much more we can accomplish together. Your year-end gift will help us hit the ground running in 2025 with:

- Enhanced educational programs for professionals at all career stages
- Expanded resources to support professional excellence
- Continued investment in digital platforms that connect our community

Your tax-deductible donation is an investment in the strength and future of our profession. Together, we can ensure child neurologists have the resources and support needed to advance their careers and practice at the highest level.

[Donate Now](#)

Whether you've given before or this is your first donation to CNS, know that your contribution matters. Every gift helps build a stronger future for child neurology.

Thank you for your dedication to our field and for considering CNS in your year-end giving.

With appreciation,
Monique Terrell
Executive Director/CEO
Child Neurology Society

P.S. Members like you make our work possible. Please donate today to help us start 2025 strong.
